

MAWESWOOD

BESPOKE KITCHENS & INTERIORS

OUR VISION

We design, manufacture and install beautiful kitchens and interiors that are classically British, timeless, elegant and completely bespoke for each of our clients'. Our passion for creating inspirational spaces to live and work match our clients' aspirations and enrich their lifestyles.

OUR VALUES

“I couldn't recommend Will and his team highly enough, the communication and attention to detail throughout the project was outstanding.

The highlight for me is the level of craftsmanship and quality of the cabinetry which I appreciate each time I walk into the space.”

Mr Townsend

Hand-crafted

traditional joinery techniques

Our commitment to traditional joinery techniques, the highest quality sustainable materials and our meticulous attention to detail is fundamental in our approach to creating beautiful cabinetry that is purposefully hand-crafted to last a lifetime.

Truly Bespoke

built specifically for each project

As a company, we are deeply rooted in strong moral values. Our clients' are always at the centre of everything we do, from crafting a detailed brief at the start of each project to providing an extensive aftercare service. We relentlessly strive for and pursue absolute perfection every time.

Made in Britain

sustainably sourced materials

Pakenham Road - Traditional Shaker kitchen

OUR DIFFERENCE

Design aesthetic and detail.

Our design aesthetic and heritage is classically British and timelessly elegant.

Drawing inspiration from original antique pieces, our furniture features period proportions, which not only give it its distinctive look, but also allow it to sit seamlessly within established properties or, add that same charm and character to more modern ones.

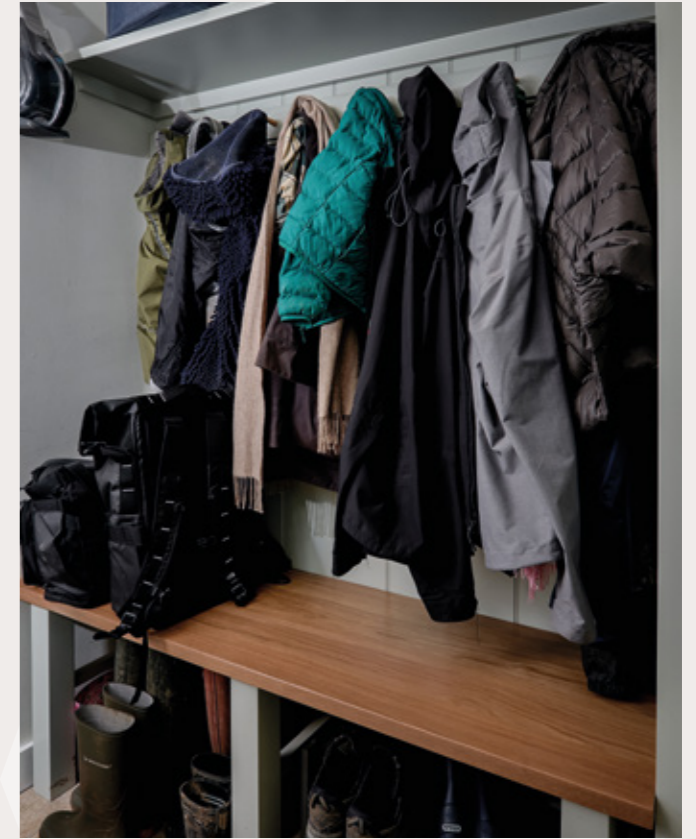

Our attention to detail is noticeable from the initial stages - during the project brief development, down to the last soft-close drawer runner instalment, upon completion.

We pride ourselves on ensuring no aspect of the cabinetry is overlooked and we firmly believe that any minor adjustments all add up and help you on your way to ensuring that dream project is brought to life.

We are definitely not limited to set cabinetry styles.

As a completely bespoke manufacturer, we can tailor the design and detail to align specifically with our customers' requirements. Our expert joiners hand-craft each piece and are devoted to using our continuous face frame method, allowing us to avoid those unsightly join lines.

Brick Hill Barn - Bespoke Utility room

“Thank you to the Maweswood team for our wonderful new kitchen. From start to finish the design, build and completion was outstanding. The truly bespoke nature of their cabinetry, the attention to detail and level of craftsmanship is why I wouldn't hesitate to recommend them.

We now have our dream kitchen that has transformed the heart of our home and will be enjoyed by my family for years to come.”
